

GREEN PARTY OF THE US  
Proposed Budget - 2005  
Committee Allocations  
Version 15-Final

<b>Committees 2005</b>					
All committee allocations are dependent upon income exceeding the minimum operating budget. As the funds below become available the Steering Committee will consider the recommendations provided by the Finance Committee and the Fundraising Committee. All committees and caucuses listed below will need to provide the Finance Committee and Fundraising Committee with proposals for funding, who in turn will submit recommendations to the Steering Committee. The Steering Committee will submit a revised budget proposal to the National Committee for approval before funds are dispersed.					
Committee	Suggested Additional Allocations
