

# Green Party of California

June 29, 2008

Dear Credentialing Committee,

1. Please find attached a spreadsheet of applicants for CA delegates to the Presidential Nominating Convention. The information is complete for most delegates, but a few have not returned their information. We have been making a good faith effort to obtain all of this information over the past several weeks and so we hereby request an extension of time to obtain the remaining information that is needed, for those delegates whose information is not yet complete.

Please note that out of respect for individual privacy, we have noted in the field "info sharing" the level of sharing the delegate has allowed. "Full" means that all information may be shared. "Part" means that all information except birth year and address may be shared. "None" means that only the delegates Name and party affiliation may be shared. For those who selected "part" or "none," an alternate address has been provided for contact by mail.

2. The Green Party of California is an accredited member state of the GPUS.

3. The Green Party of California has selected the Peace & Freedom elections code until such time as the GPCA's own elections code is added to the CA Elections Code. Please see the Peace & Freedom Election Code found at <http://www.cagreens.org/erwg/electpaf.htm>.

The CA Secretary of State's Office has allowed the GPCA to deviate from the P&F Elections Code in a number of instances such as delegate selection, in which the GPCA has provided an alternate process. Please see the attachment titled "Letter Regarding Delegate Selection" submitted to the SoS in October 2007 regarding our submission of an alternate process.

4. The Green Party of California has not formally adopted any policies on these subjects.

5. Minutes have not been approved for the May 2007 General Assembly in which the Delegate Selection Process was approved. However, recognition of the decision is recorded at the following link.

Please see item # 15 titled Delegate Selection Procedure to the National Nominating Convention.

6. By submitting this application the Delegate Selection Committee of the Green Party of California certify that the delegates included in this application are duly chosen delegates to the convention as provided for in the rules of the GPCA.

Sincerely,

Jane Rands  
Liaison to the Secretary of State
