## GREEN NATIONAL CONVENTION PERSONNEL COMMITTEE

PERSONNEL COMMITTEE  
PERSONNEL COMMITTEE 2004 REPORT

### PERSONNEL COMMITTEE

The Personnel Committee had a hard time convening this year. Some work was done on personnel policies, regularizing hiring practices, and staff oversight but it was done more on an ad hoc basis, and by Personnel Committee members on the Steering Committee, instead of primarily being Personnel Committee work. The committee has much on its plate, finishing policies and then getting a handle on how the Personnel Committee should be involved in the oversight of staff, but that will all have to wait until the committee can be reconstituted.
